

## **SANATAN SCHOOL BHARATPUR**

### **SOP MEDICAL EMERGENCY**

- Wellbeing of students should be treated with utmost priority in the school.  
Appropriate and immediate action should be taken in case of any injury or illness.
- If the child has fallen sick or is injured, then he/she should be sent or escorted to the medical room immediately. Class teachers should be present there. In case CT is not there then Coordinator to be informed.
- Appropriate first aid to be administered and before giving any medicines ensure the child is not allergic to it.
- All actions taken and medications should be well recorded and preserved.
- The parents should be informed after a consent from Principal.
- If the situation demands that the child needs to be taken to the hospital then parents to be informed immediately and involve them in the decision-making process. The class teacher is to accompany the child to the hospital.
